

Data Logging Form: Participant 1

Codes
E: Error In Task Completion
I: Important finding
C: General Comment
F: Facial Reaction
X: Usability Issue

Task 1:

Scenario: Imagine you want to explore the virtual gallery by moving in different directions (*left, right, backward, and forward*). Please use the navigation controls and describe your actions and feelings to the researcher.

Success measure:

- The user can move forwards efficiently
- The user can move backwards efficiently
- The user can move left efficiently
- The user can move right efficiently

Estimated time range: ~1min

Success Rating (-1=failure, 0=completed task with some difficulties, +1=successful completion of task)

Time	Task Steps	Screen	Success Rate	Code Type	Notes
	User initiates navigation by using controls	Main Gallery	0	I	Tried to go forward and did not Not know how to move
	User successfully moves forward	Main Gallery	+1		
	User moves backward	Main Gallery	+1		
	User moves left	Room 1	+1	C	Stuck in one place
	User moves right	Room 1	+1	C	Can't take rights or lefts

Task 2:

Scenario: Imagine you want to learn more about a specific artwork in the virtual gallery. Please locate a work of art and click on the information button. Once you've found it, please read its content aloud.

Success measure:

- The user successfully locates a work of art
THEN
- The user clicks on the information button
THEN
- The user reads the artwork's content aloud

Estimated time range: ~1min

Success Rating (-1=failure, 0=completed task with some difficulties, +1=successful completion of task)

Time	Task Steps	Screen	Success Rate	Code Type	Notes
	User starts searching for a specific artwork	Room 1	+1		
	User successfully finds a work of art	Room 1	+1		
	User finds the information button	Room 1	+1		
	User clicks on the information button	Room 1	+1	C	No trouble
	User reads the artwork's content aloud	Venus d'Ailleurs	-1	I/U	In French <ul style="list-style-type: none">- Is there an english version- Read in French for me

Task 3:

Scenario: Imagine you want to view different angles of a specific artwork. Please perform a circular motion, either counterclockwise, clockwise or both.

Success measure:

- The user successfully performs a counterclockwise circular motion
OR
- The user successfully performs a clockwise circular motion.
- OR
- The user successfully performs both

Estimated time range: ~1min

Success Rating (-1=failure, 0=completed task with some difficulties, +1=successful completion of task)

Time	Task Steps	Screen	Success Rate	Code Type	Notes
	User attempts to perform the task.	Room 1	+1	I	Asks me what they should do
	User successfully performs a counterclockwise circular motion	Room 1	-1		Did not attempt
	OR				
	User successfully performs a clockwise circular motion.	Room 1	+1	C	Fast
